

Flame Resistant
**Elements™ Pant - USAF with Battleshield X®
 Fabric (FR)**

Stay warm, protected, and comfortable in some of the world's harshest climates. Designed for USAF using revolutionary new Massif® Battleshield X® FR fabric, featuring Gore® FR stretch technology. There is simply nothing else like Battleshield X fabric - it performs as well as high-performance outdoor fabrics and provides exceptional flame protection. This extremely durable, highly breathable fabric offers multidirectional stretch, excellent water resistance, and a superior warmth-to-weight ratio.

The pant fleece lining features Massif Flamestretch™ fabric and is constructed with DuPont™ Nomex® brand fiber. Engineered with Massif's proprietary knitting and finishing technology, Flamestretch fabric provides built-in flame resistance, proven durable performance, and comfort from the inside out.

FEATURES

- ✦ Full flame-resistant construction with proprietary Massif® fabrics
- ✦ 4-way stretch fabric
- ✦ Battleshield X® softshell fabric features windproof, waterproof, and breathable membrane
- ✦ Zippered hand-warmer pockets
- ✦ Zippered back pocket
- ✦ Lower leg cargo pockets
- ✦ Knee-length inseam zips
- ✦ Built-in web belt with elastic waist
- ✦ Zippered fly
- ✦ Part of the Massif® Fire and Ice™ layering system

FABRIC

- ✦ FLAME RESISTANT
- ✦ WARM
- ✦ WIND PROOF
- ✦ BREATHABLE
- ✦ DURABLE
- ✦ WATER RESISTANT

FLAME RESISTANT

All fabrics pass the stringent ASTM D6413/F2302 performance specification for flame resistance. Tested in flash fire simulations on the PyroMan thermal manikin to demonstrate performance in burn scenarios. Authorized Safe-to-Fly
