

Flame Resistant Elements™ Jacket - USAF with Battleshield X™ Fabric (FR)

Designed specifically for the Air Force using Massif® Battleshield X® FR fabric, a flame-resistant nylon-faced laminate featuring Gore® FR stretch technology. There is simply nothing else like Battleshield X fabric - it performs as well as the best high-performance outdoor fabric while also providing exceptional flame protection. This extremely durable, highly breathable fabric offers multidirectional stretch, excellent water resistance, and a superior warmth-to-weight ratio.
