

## Flame Resistant Elements™ Pant Tactical (FR)

Rugged and comfortable, the Massif® Elements™ Tactical Pant is engineered to provide nonstop performance in tough conditions. The triple-layer softshell fabric features an abrasion-resistant exterior, a soft, fleece-lined interior, and a windproof, waterproof and highly breathable membrane that won't trap moisture. Exceptional stretch and a high warmth-to-weight ratio minimize bulk and maximize your range of motion. Boot zips make for easy donning and doffing over uniforms and lower-leg cargo pockets provide easy access to gear.

Constructed with DuPont™ Nomex® brand fiber - the first flame-resistant fiber selected for use in military uniforms. Nomex fibers carbonize and thicken when exposed to the intense heat of a flash fire, creating a protective barrier that reduces or prevents burn injuries.

### FEATURES

- ✦ Full flame-resistant construction with proprietary Massif® fabrics
- ✦ Zippered hand-warmer pockets
- ✦ Zippered back wallet pocket
- ✦ Lower leg cargo pockets
- ✦ Knee-length inseam zips
- ✦ Intergrated web belt with elastic waist
- ✦ Zippered fly
- ✦ Part of the Massif® Fire and Ice™ layering system

### FABRIC

- ✦ FLAME RESISTANT
- ✦ WARM
- ✦ WIND PROOF
- ✦ BREATHABLE
- ✦ DURABLE
- ✦ WATER RESISTANT

### FLAME RESISTANT

Authorized by the United States Coast Guard

Meets or exceeds the following standards for protective clothing:

ASTM D6413/F2302 Performance Specification for Flame Resistance  
 ASTM F1508  
 ARC Rating, EBT:30.5 cal/cm<sup>2</sup>, HRC 3
